

Wall Systems

METAL Wallcoustic Element

(METAL Canopy Wall Absorber)

Individual

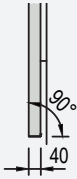

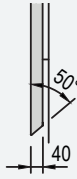

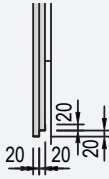

- **METAL Wallcoustic Element** is a range of wall solutions that help structure and define spaces and accentuate an area. They provide a focus or create wall sculptures that help control sound reverberation within a space.
- Simple and fast installation by using a wall hanging kit.
- Durable, easy to clean and maintain.
- Fully configurable solution, available with different edge details (90°/50°/20x20mm edge).
- Optional with an acoustic pad allow for better sound absorption.
- The same product can be installed as a ceiling canopy (see METAL Sonic Element).
- The product can be installed upright or reclined.
- Additional design options available as part of our **Vario Design** range.
- Ideal for offices, meeting rooms, retail auditoriums, multi-purpose halls and cafeterias.
